

TECHNICAL RIDER & STAGE PLAN

TECHNICAL NEEDS

15-20 min. to install setup

Electrical power socket near the keyboarder.

4 extension Lead European EU AC Power Plug Socket Charger & Switch Button.

1 table or small desk 150 cm x 70 cm (or more) with black cloth on / or 2 (two) adjustable keyboard stands with a black base.

BACKLINE

We need :

At least 2 Audio monitors 1 near the keyboardist and the other to the front of the stage.

4 D.I. or snake (for all our outputs).

OUR OUTPUTS

1 output L&R from our on-stage mixer.

1 output L&R from our own MIC (with stereo effects).

OUR STAGE SETUP

We bring our own wireless mic., don't need mixer effects.

We bring our own keyboard too.

MERCHANDISING

LARVA appreciates an area to display and sell merchandise along with a volunteer who might help during the show. Inquest & Anoxia will sign autographs after their performance. LARVA receives 100% sales of all LARVA merchandise.

DRESSING ROOM

LARVA will need a place to change and warm up before the show, and access to a restroom near the performance area. This should include a mirror, a couple of chairs, water, energy drinks and cold beer when possible. The room needs to be warm.

This rider can be modified due to the venue /organizer limitations. Or when Anoxya can't travel to the show. The equipment doesn't must be the same, we understand any changes and limitations.

Thank you!
