

Ascii Disko DJ Gigs Rider

Technical requirements:

2 x CD PLAYERS Pioneer CDJ-3000 or Pioneer XDJ-1000MK2

Link Connected and SYNCHRONIZED! VERY IMPORTANT!

Pioneer DJM-900NXS2 DJ MIXER

DJ monitors adjustable in height and connected to the Monitor ou of the Pioneer DJM-900NXS2

A public address system sufficient for the size of the room with at least 1.5 kW per 100 people, 2 active channels, with a subwoofer system sufficiently sized to reproduce the bass of electronic music. Boxes and Subwoofer in every corner of the space.

Table with enough space for DJ equipment plus a laptop sound card and cables

It should be covered in black fabric and be adjustable in height to my needs. (110-120cm height)
